### A38.2 Directory Publishers Database Service (DPDS) (Cont'd)

#### A38.2.2 Regulations (Cont'd)

##### H. (Cont'd)

If the Company refuses to furnish service, the Company shall give the customer notice by certified mail of the Company's grounds to believe that the customer has failed or will fail to comply with this tariff and of the intent to refuse service. Prior to any suspension or termination of service, the Company shall give the customer notice by certified mail of the customer's failure to comply and of the intent to suspend or terminate service. Following ten (10) days from the receipt of the notice, the Company may suspend or terminate the service.

The customer shall have the right to bring the issue of the suspension of, termination of, or refusal to furnish service before the Kentucky Public Service Commission (KPSC) and the KPSC shall have final authority over the suspension, termination, or refusal to furnish service. If service is suspended or terminated, the customer agrees to return immediately all copies in its possession and to make no further use of DPDS data.

I. Unless otherwise agreed to in writing, neither the customer nor its employees, agents or representatives shall state or represent or use any methods of advertisement, solicitation, order form, billing invoice, directory, stationary, promotional material or any artifice or device which indicates its directories are sponsored or approved by the Company or by the Company's affiliates. In addition, customer shall clearly display its name in print sufficiently large that a reasonable observer could easily determine the identity of the customer on each of the above.

J. Customer shall undertake reasonable steps in advertising and publishing its directories to distinguish the identity of its directories from those published by or on behalf of the Company.

K. The regulations set forth for deposits and payment of service in A2.4 of this Tariff shall apply for DPDS.

L. The customer shall provide written specifications, signed by a duly authorized representative of the customer, for each DPDS order. All orders must be confirmed in writing by the customer.

M. The customer accepts subscriber listing information provided via DPDS just as the Company has received it from the Company's subscriber - on an "as is" basis, with all the faults, errors, and omissions, if any, that exist when the Company receives subscriber listing information from the Company's subscriber. The Company does not warrant the accuracy of the subscriber listing information as received from its subscriber and furnished to the customer. The Company assumes no responsibility or liability for any errors or omissions in the subscriber listing information as received by the Company from its subscriber and furnished to the customer.

The Company assumes no liability for errors and omissions of any kind contained in any paid advertisement included in the publisher's directory(ies). The customer agrees that all listing information derived from DPDS and contained in any such paid advertisement, including names, addresses and telephone numbers shall be obtained from or verified by the advertiser whose advertisement appears in publisher's directory(ies).

The Company's liability to the customer shall be limited to a pro rata refund or credit of amounts paid for listings affected thereby. The subscriber's recovery for any and all damages resulting from errors or omissions in the listing information furnished by the Company to the customer for use in directories shall be limited to the amount of actual impairment of the subscriber's service and in no event shall exceed one-half the amount of the charge to the subscriber for Local Exchange Service during the period covered by the directory, or \$500.00, whichever is less.

The Company's liability for intentional or gross fault is not hereby limited.

Any claim or demand by the customer based on alleged errors or omissions in the information furnished must be brought to the attention of the Company within sixty (60) days of the time the information is furnished to the customer.

N. The customer shall indemnify, hold harmless and defend the Company from and against any cost, damage, expense (including, but not limited to reasonable attorneys fees and expenses) or liability arising out of any demand claim suit for judgment for damages, however caused, which may arise out of the customer's use of subscriber listing information provided under this Tariff - including but not limited to claims arising out of errors or omissions in any paid advertisements and claims arising out of publication or non-publication of subscriber listing information that changes after the subscriber listing information is provided to the customer. The customer shall not be responsible for any cost, damage, expense or liability arising out of any fault or negligence of the Company.

O. Failure of the customer to indemnify the Company under the provisions of A38.2.2.N. will constitute grounds for suspension or termination of service.

### A38.4 Emergency Service Provider Data Service (ESPDS) (Cont'd)

#### A38.4.3 Regulations (Cont'd)

##### A. (Cont'd)

- a. The ESPDS customer's calling platforms must be equipped with reorder tone (RO) and "No Circuit Available" (NCA) announcement detection capability. Each platform should provide the capability to automatically throttle back call origination when a threshold of RO and NCA is reached. The throttling algorithm should allow for reduction of call origination to the point where 99 percent of call origination reaches neither NCA nor RO. (N)
- b. The ESPDS customer's calling platforms must be designed with a call gapping mechanism to allow specification of, at most, one originating call per a specified time interval to any specific NPA-NXX code. The gap should be capable of any time interval between 0 and 10 seconds. This is intended to give the ESPDS subscriber the capability of preventing excessive simultaneous call origination. (N)
- c. If the BellSouth Network Management Center (NMC) determines that the call volume is having a negative impact on the BellSouth network, the NMC will request the ESPDS customer to throttle the outgoing calls generated by the event to a specified number of simultaneous calls. The ESPDS customer must implement each request within ten minutes of receipt from the BellSouth NMC. (N)
- B. The BellSouth Network Management Center must be notified of the target location and the size of the event at the launch of an emergency call origination exceeding 1000 calls. BellSouth will provide a contact number to the ESPDS customer for this purpose. The subscriber will also provide the name(s) of the carrier(s) which will be utilized by the customer for the emergency call origination and the number of simultaneous calls. (N)
- C. Each ESPDS customer must provide the BellSouth Network Management Center up-to-date contact information for 7 days per week, 24 hours per day, and contact information for 3 levels of management escalation. (N)
- D. The ESPDS customer agrees to work cooperatively with the BellSouth Network Management Center in order to avoid network congestion that may affect the ability of customers to call out of an affected area. This includes implementation of call gaps on the calling platform at intervals recommended by the BellSouth Network Management Center. (N)
- E. The BellSouth Network Management Center will utilize protective controls including those outlined in E2.1.12 of BellSouth's Intrastate Access Service Tariff, in order to minimize congestion and to allow customers the ability to call out of an affected area. The traffic originated based upon the ESPDS customer's use of the data provided hereunder may be affected by these controls. BellSouth will not be liable for the intentional or unintentional blockage of any traffic in any way related to the ESPDS customer's use, or the use by its agents or contractors, of the data provided hereunder. (N)
- F. BellSouth does not guarantee the completion of mass calling traffic on its network. (N)
- G. With respect to the database extract file provided by this service, the ESPDS customers, providers of emergency services, providers of emergency support services, and their employees shall: (N)
